About Luca Lifestyle

EN

Luca Lifestyle was founded in 2015 by owner Gerard van Tilborg, who saw opportunities in the field of high-quality planters with lightweight and weather-resistant properties. In collaboration with a Belgian university, a unique material composition based on polyester was developed. This material ensures that the planters are stable and scratch-resistant, ideal for both indoor and outdoor use.

Luca Lifestyle has since become an international brand with sales outlets all over the world. As a wholesaler, we sell to various customers; from garden centers to landscapers and interior plant designers.

In 2015 werd Luca Lifestyle opgericht door eigenaar Gerard van Tilborg, die kansen zag op het gebied van hoogwaardige plantenbakken met een licht gewicht en weerbestendige eigenschappen. In samenwerking met een Belgische universiteit werd een unieke materiaalsamenstelling ontwikkeld, gebaseerd op polyester. Dit materiaal zorgt ervoor dat de plantenbakken stabiel en krasbestendig zijn, ideaal voor zowel binnen- als buitengebruik.

Inmiddels is Luca Lifestyle een internationaal merk met verkooppunten over de hele wereld. Als groothandel verkopen we aan diverse klanten; van tuincentra tot hoveniers en interieurbeplanters.

Handmade in Vietnam

Luca Lifestyle planters are manufactured in Vietnam. The production of planters has long been deeply rooted in Vietnam, where high quality standards go hand in hand with attention to detail. Thanks to our own production facility in Vietnam, we are able to guarantee quality throughout the entire process, from production to delivery.

In our factory, experienced craftsmen work with dedication on every detail of the production process. From shaping to finishing and inspecting the planters, everything is done with precision and care. This craftsmanship ensures that each planter is created with attention and love for the product.

We greatly value our collaboration with local craftsmen. Their dedication and expertise are at the heart of our production. To give something back to the community, we proudly support a Vietnamese orphanage and children's hospital every year.

Each planter reflects the craftsmanship and passion of the artisans. The result is a product with a refined look and timeless elegance, reflecting respect for craftsmanship and tradition.
